

How to make an Osko payment via Internet Banking

Start the payment to a new or existing payee via the Payments menu, 'Transfer Money' option.

Once the payee's details have been selected, it will display 'Transfer Type' as 'Standard Transfer'.

If the receiving financial institution allows Osko payments for this client, it will provide the option for '**Osko**'. See below image.

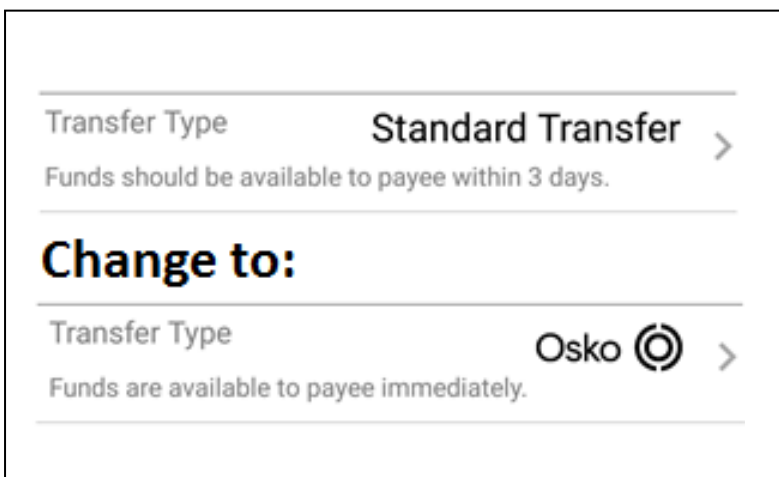

Click on '**Osko**' so this is highlighted orange, and then continue payment.

How to make an Osko payment via Mobile Banking App

Start the payment to a new or existing payee via the Transfers 'To Others' tile.

Once the payee's details have been selected, it will display 'Transfer Type' as 'Standard Transfer'.

If the receiving financial institution allows Osko payments for this client, it will provide an > to the right of the screen to indicate another payment option. See below image.

Click on '**Transfer Type**' and select '**Osko Payment**' so the Transfer Type changes, and then continue with payment.
