South-West Credit Union Co-operative Ltd

APS 330 Public Disclosure of Prudential Information as at June 2020

Capital Structure as at 30th June 2020

The capital disclosures detailed in the Common Disclosure Template represents the post 1 January 2019

Basel III common disclosure requirements. South-West Credit Co-Operative Limited is applying the Basel III regulatory adjustments in full as implemented by APRA.

Qualitative disclosures

a) Information relating to the bodies that oversee remuneration

South-West Credit Union Co-operative Ltd (SWC) has a Remuneration Committee to review and make recommendations to the Board relating to Directors' Fees and the remuneration of the Chief Executive Officer and the Executive Management Team. The Remuneration Committee consists of three members:

- Mr Robert Lane (Chair of Remuneration Committee, Director, Independent);
- Mrs Jennifer Waterhouse (Chair of the Board, Director, Independent).
- Mr Gary Parsons (Vice Chair, Director, Independent);

SWC's Remuneration Policy (the Policy) provides a framework for remunerating senior management and encourages behaviour that supports SWC's long term financial soundness and risk management framework, which the Remuneration Committee enforces. The Policy aims to ensure that SWC is managed soundly and prudently in line with Prudential Standard CPS510 Governance. The Policy covers all responsible persons and risk and financial control personnel of SWC.

For the purposes of APS 330, the types of persons considered as material risk takers and senior management are:

Type of persons per prudential standard	Description	Number of persons
Senior management	Chief Executive Officer and Chief Financial Officer	2
Material risk takers	Persons whose primary role is risk management, compliance, internal audit and/or financial control	4

SWC sources base salaries information from an external and independent provider, McGurk Management Consultants who, in collaboration with the Australian Mutuals Institute, provide annual salary survey details for Directors and all staff positions.

b) Information relating to the design and structure of remuneration processes:

The objective of the Remuneration Policy (the Policy) is to provide guidance for a remuneration framework that will attract, retain and motivate appropriately qualified and experienced executive managers.

The design of the Policy is to encourage behavior that supports the SWC's financial soundness and the risk management framework and to be aligned to the appropriate risk appetite that relate to all business activities.

The policy was last updated in June 2020 and there were no major changes to the policy based on this review.

The Policy is reviewed once a year by the Risk and Compliance Committee. The CEO is responsible to the Board for monitoring compliance with the Policy. All base salaries and incentive payments of Executive Managers are to be approved by the Board.

The risk and financial control personnel are on a fixed salary which is evaluated annually under the Policy to ensure they are remunerated independently and not compromised by financial incentive.

South-West Credit Union Co-operative Ltd
 APS 330 Public Disclosure of Prudential Information as at June 2020
 Capital Structure as at 30th June 2020

The capital disclosures detailed in the Common Disclosure Template represents the post 1 January 2019

Basel III common disclosure requirements. South-West Credit Co-Operative Limited is applying the Basel III regulatory adjustments in full as implemented by APRA.

- c) How current and future risks are taken into account in the remuneration process:
 Risk management is built into the framework for Executive Managers to ensure specific risk management outcomes and actions. The nature of the risk management framework associated with remuneration varies from senior executive to senior executive depending on area of responsibility.

For executives, any performance based component of remuneration is designed to align remuneration with the performance of SWC.

The key measures relating to remuneration are seen as appropriate for the environment and business objectives, and have not changed in the past twelve months.

- d) How SWC seeks to link performance during a performance measurement period with levels of remuneration:

Executives are paid a competitive fixed component of remuneration that reflects their core performance requirements and the expectations associated with their particular position. Aspects considered in the performance based pay for all executives, which are weighted depending on primary areas of focus, including: financial results, achievement of business plans, risk and compliance, and member and staff satisfaction.

The opportunity for executives to be granted a yearly incentive payment is designed to support SWC's overall Remuneration Policy by focusing executives on achieving yearly personal performance goals which contribute to sustainable growth and member value.

The Board will reduce performance-based components of executive remuneration, to zero if appropriate, if financial metrics are weak.

- e) Forms of variable remuneration
 Any variable remuneration for senior management is paid in cash.

There were four meetings held by the Remuneration Committee during the year ended 30 June 2020. Details in connection with the remuneration paid to its members are available in SWC's Key Management Personnel disclosures in its Financial Statements.
